## **ABOUT BURWASH HORTICULTURAL SOCIETY**

The Burwash Horticultural Society was first formed in 1889 to promote an interest in gardening in Burwash and its surrounding area and over the years has drawn membership from all walks of life with perhaps the most famous being Rudyard Kipling who was the society's Vice President in 1911.

It is an active society with over 80 members and with a very low subscription, new members are always most welcome.

The three shows we hold a year are easy to enter with prize money and cups for the winners. Our shows generate a great deal of interest in the village and are well attended. See the back page for other events we put on too.

This schedule together with a newsletter are sent out to members at the start of the year and extra copies are available from The Flower House.

## **THE MEMBERSHIP YEAR IS FROM 1/1 - 31/12**

Subscriptions £3.00 Per Annum

The AGM will take place on the 3rd Tuesday of March following the end of the year.

## **Membership Benefits**

Attendance at talks is £3 for non-members, £2 for members.

## **Other information**

A decision was made last year to tighten up the timings for presenting items at shows. In future the doors will be closed at 10.45 and 10.30 for the Rose and Sweet pea show as cards are up on the day rather than in advance. Exhibitors will also be asked to leave at 10.50.

This is to ensure that judges and participants are not in the room at the same time.

For our spring talk on 9 April, Kevin Tooher will be talking about colour throughout the year in our gardens. On 10 September we have Sophie Leathart who will be getting you in the Christmas spirit with Mischief, Myrrh and Mistletoe and our treasurer Emma Davies will give a talk on 27 October. All talks will be in the Village Hall starting at 2.30pm. Please note that a small charge is made to defray the cost of the speaker and the hiring of the hall.

We will be visiting the Elizabethan house and gardens of Parham in West Sussex. The cost of Coach and entry to the house and garden will be heavily subsidised at £15 for members and £17 for non-members. Nearer the time full details will be found on our web site as shown below

Our website can be found at <https://www.burwashhorticulturalsociety.co.uk/>

Please take a look, each month there are hints and tips to consider for gardening as well as interesting information relating to wildlife plus other interesting information.

## HINTS FOR EXHIBITORS IN THE FLOWER CLASSES

**Competitors, especially those who have not exhibited before, may find these explanatory notes helpful in the selection and presentation of their exhibits.**

Give careful attention to proper staging (presentation) of exhibits. Society vases, where their use is required, are made available on the day of the show. Whenever possible, an exhibit of a plant, flower, vegetable or fruit should be named as this adds greatly to the gardening interest of the show. No penalty will be attached to unnamed exhibits. All flower exhibits should be presented with a leaf from the plant. Any enquiries prior to the show should be addressed to the Chairman or Vice Chairman. On the day of the show, Stewards will be on hand to help anyone who has difficulty in finding a class location or interpreting a class description.

### Presentation

Flowers should be in good condition, i.e. at their most perfect stage and as fresh and free from damage due to weather, pests and diseases as possible.

**Blooms should be so placed in the container that each one can be seen easily by the judge, and not arranged as if in a flower arrangement class. To anchor the stems in the vase, use wet moss, bio-oasis [see our website for more details], kitchen paper etc, which should not come above the rim of the container.**

A vase is higher than its width and a bowl is wider than its height. A container can be any receptacle that holds flowers. In floral art classes please be aware of the height, width and depth restrictions. NOTE: IN ALL FLOWER CLASSES, IF THE DESCRIPTION IS FOR A SINGLE BLOOM ALL SIDE BUDS SHOULD BE REMOVED.

In judging the merits of vegetables, consideration is given to:

**CONDITION:** cleanliness, freshness, tenderness and freedom from coarseness and blemish.

**SIZE:** size increase must be accompanied by culinary quality.

**UNIFORMITY:** in size, shape and colour

### Definitions

**Cultivars:** The term 'cultivar' in place of the more general term 'variety' is being increasingly accepted by gardeners in accordance with RHS recommendations. A 'cultivar' (a cultivated plant) is a plant variant or selection, produced by man in cultivation, the characteristics of which are maintained by controlled seed or vegetative production, e.g. "Gardeners Delight" is a cultivar of the *Lycopersicon esculentum* – tomato.

**Variety:** A 'variety' is the botanical term for a naturally occurring variant of a species, i.e. *Geranium sanguineum* var. *stratum*

**Kind:** The term 'kind' is used in the classification of fruit and vegetables for show purposes, e.g. parsnips, carrots and cabbages are 'kinds' of vegetables, while apples, plums and gooseberries are 'kinds' of fruit.

DIVISIONS OF DAFFODIL CLASSES. The illustrated table includes the full 10 categories into which daffodils are divided. The first 4 divisions are specifically listed in the schedule there are classes in

## Information on Dahlia Classification

To enable exhibitors to enter the correct class, please use the following classification rules.

### Cactus Types

CACTUS

SEMI-CACTUS

**Incurved Cactus** Petals rolled for their full length, with tips of the petals curving toward the centre of the flower.

**Semi Cactus** - Petals flat at the base, with less than half of the petals rolled or quilled

### Decorative Types

FORMAL DECORATIVE

INFORMAL DECORATIVE

**Formal Decorative** - Flat petals with an even, regular placement throughout the flower

**Informal decorative** - generally flat petals, sometimes slightly rolled at the tip, but with irregular arrangement of formation

## **HOME PRODUCE - Advice on presentation**

1. Read the schedule carefully to make sure you exhibit the correct size and numbers of items
2. Plain white paper plates should be used for presenting items except bread, which should be on a board and rolls in a basket. Doilies may be used for sweet items.
3. Savoury tarts, quiches and flans should be removed from their baking tins.
4. Fluted cutters should be used for sweet items e.g. jam tarts/fruit scones and plain cutters for savouries e.g., cheese scones/oatcakes.
5. A small garnish can improve the look of an item.
6. All preserves should be presented in sterilised jars and sterilised plain lids and labelled with the variety and full date it was made. [Jars and lids with trade names are not acceptable as they contravene the Trade Description Act].
7. When potting, jars should be filled to the brim to allow for shrinkage when cold. Lids or waxed discs (shiny side down) should be applied while preserve is hot. If using cellophane lids, these should be applied when the jars are cold.
8. Wax discs and cellophane can be used for fruit curds as they have a short shelf life (3-4 weeks).
9. Vinegar preserves must be covered with non-corrosive lids and indicate pungency of contents (Hot/mild/spicy etc.) on the label. The flavours of pickles and chutneys develop as they mature. Items should be at least 2 months old before exhibiting.

## **RECIPE FOR CLASS 27 ROSE AND SWEET PEA SHOW (See Page 21)**

### **CHOCOLATE CAKE**

#### **Ingredients**

- 200g unsalted butter
- 200g golden caster sugar
- 4 eggs
- 200g self-raising flour
- 2 tsp cocoa powder
- 1 tsp baking powder
- ½ tsp vanilla extract
- 2 tsp milk

#### **For the buttercream**

- 400g icing sugar
- 200g unsalted butter
- 100g milk chocolate
- 5 tsp cocoa powder
- 2 tsp milk

#### **Method**

##### **STEP 1**

Preheat the oven to 190c/170c Fan/Gas Mark 5.

##### **STEP 2**

Grease and line with baking parchment 2 x 20cm round cake tin .

##### **STEP 3**

Beat together the softened butter, eggs, flour, cocoa powder baking powder, vanilla extract and milk until soft and pale.

##### **STEP 4**

Divide between the two tins and bake for 20 minutes or until cooked.

##### **STEP 5**

For the buttercream: melt the chocolate.

##### **STEP 6**

Beat the butter, icing sugar, cocoa powder until smooth.

##### **STEP 7**

Add the melted chocolate and milk, sift in the cocoa powder and mix until light and smooth.

##### **STEP 8**

Sandwich between the two layers and smooth on top -dust with cocoa powder to finish.

**Ingredients**

- 175g currants
- 175g sultanas
- 300ml strong hot Earl Grey tea
- 275g self-raising flour
- 225g light muscovado sugar
- 1 large free-range egg, beaten
- Butter for greasing

**Method**

- **STEP 1** Put the currants and sultanas in a bowl and pour over the hot tea. Stir, cover and leave overnight for the liquid to absorb.
- **STEP 2** Preheat the oven to 150c/130c Fan/Gas 31/2 . Grease a 900g/2lb loaf tin and line with non-stick baking paper.
- **STEP 3** Add the flour, sugar and egg to the bowl of soaked fruit (if there is a little excess liquid this is fine) and mix thoroughly.
- **STEP 4** Spoon into the prepared tin and level the top . Bake for 1 3/4 hours, or until the cake is risen and just firm to the touch but check it after 1 1/4 hours to see how it is doing. Leave to cool in the tin for 10 minutes.
- **STEP 5** Turn out the cake and remove the paper.

For Class 24 in the Summer Show [on page 24) This will be the expected way of displaying your entry of rhubarb sticks
